Punjab boards are in charge of issuing date sheets, conducting annual exams, and announcing results according to the timetable. The date sheets for the theoretical exams are issued first, followed by the date sheets for the practical exams. The purpose to release the date sheet before one month of exams is to mentally prepare students so that they can revise their whole syllabus on time.

Updates on 10 Class Date sheet 2022

The annual matric and intermediate exams will begin in May and June 2022 as per the schedule according to the federal education minister's declaration. Each year, the Punjab board releases the date sheet for the 10th grade. Exams were postponed due to Covid last year in 2021. Furthermore, to avoid any trouble, students must adhere to the established schedule. The minister of education also stated that no student will be promoted to the next class without taking the yearly exams this year.
